## WE ARE GASITALY

GASITALY Srl is an Italian-based leading company in the world's LPG and CNG autogas conversion markets. Due its dynamic forward-thinking and customer-oriented approach, GASITALY Srl has thrived in recent years, enjoying a consistent and sustainable span of growth, documented by its presence in already more than 30 countries around the world.

And it all starts at the headquarters in Brescia (BS), Italy, from where GASITALY Srl has managed to forge a very close relationship with its suppliers, suppliers with renowned experience in the autogas conversion sector, a relationship which entails the active and continuous development of our products. Thus, GASITALY Srl's conversion systems are the result of this relationship, of this incessant struggle for success, combining the forefront technological development in the sector with the satisfaction of every customer's needs and expectations.

GASITALY Srl is proud to continuously provide the most up-to-date innovative solutions to both conversion centers and OEMs around the world, and this strong determination is set to endure. From its catalogue, one can realize how remarkable is the variety of conversion systems offered by GASITALY Srl, and all of them state-of-the-art, abiding the international norms R110, R67-01 and ISO 15500, and respecting even the most recent European safety and environmental regulations.

Efficient, safe, reliable, but also dynamic, innovative, dedicated, GASITALY Srl and its team are well mirrored in the top Italian quality standard of all the components and all the assistance offered worldwide. The most innovative alternative energy conversion systems, the most attentive worldwide assistance and the most cost effective solution, all bear the same name worldwide: GASITALY Srl.

GASITALY Srl è un'azienda Italiana leader nel settore delle conversioni gas GPL e Metano per autoveicoli. Grazie al suo dinamismo, al suo approccio progressista e orientato al cliente, GASITALY ha prosperato negli ultimi anni, vivendo un periodo di crescita costante e sostenibile, ben documentato per la sua presenza in ormai più di 30 paesi in tutti il mondo.

E tutto comincia dalla sede di Brescia (BS), da dove GASITALY Srl è riuscita a creare un rapporto molto stretto con i propri fornitori, dei fornitori con esperienza rinomata in questo settore, una relazione che comporta lo sviluppo attivo e continuo dei nostri prodotti. I sistemi di conversione GASITALY sono, così, il risultato di questo rapporto, di questa lotta incessante per il successo, coniugando lo sviluppo tecnologico all'avanguardia nel settore con la soddisfazione dei bisogni e attese di ogni cliente.

GASITALY Srl è orgogliosa di offrire continuamente le soluzioni più recenti e innovative per entrambi i centri di conversione e gli OEM in tutto il mondo, e questa forte determinazione proseguirà anche nel futuro. Dal suo catalogo, si può capire quanto notevole è la varietà dei sistemi di conversione offerti da GASITALY Srl, e tutti all'avanguardia tecnologia, rispettando le norme internazionali R110, R67-01 e ISO 15500, e rispettando anche le più recenti normative europee sulla sicurezza e ambiente.

Efficiente, sicura, affidabile, ma anche dinamica, innovativa, dedicata, GASITALY Srl e la sua squadra sono ben riflesse nello standard di alta qualità italiana di tutti i componenti e l'assistenza offerta a livello globale. I più innovativi sistemi di conversione di autoveicoli per energia alternativa, l'assistenza più sollecita e la soluzione più efficiente e produttiva economicamente, tutti portano lo stesso nome in tutto il mondo: GASITALY Srl.
